

Gador Group Impact Materiality Assessment

Gadot Group conducted an internal Impact Materiality Assessment. The process considered both stakeholder expectations and business impact across environmental, social, and governance domains. The following topics were identified as most material:

Material Topics	Stakeholder Concern	Business Impact
Carbon Emissions	High	High
Workplace Health and Safety	High	High
Transparent Governance & Reporting	High	High
Responsible Supply Chain	Medium	High
Ethical Supply Chain	High	Medium
Diversity & Inclusion	High	Medium
Compliance with Environmental & Chemical Regulations	Medium	Medium
Local Volunteering and Community Support	Medium	Low
